Parent Verification - KWS SERVICE SPECIFIC TERMS

Last updated: 28 August 2025

These KWS Service Specific Terms govern your use of any of the KWS Services set out below and are incorporated into and supplement the KWS General Terms. Terms defined in the KWS General Terms have the same meaning in these KWS Service Specific Terms. If there is a conflict or inconsistency between the KWS Service Specific Terms and the KWS General Terms, the KWS Service Specific Terms prevail.

You agree to these KWS Service Specific Terms when you access or use the KWS Services set out below or accept these KWS Service Specific Terms (such as by clicking an icon online or signing an Order Form), whichever happens first. If you access or use the KWS Services on behalf of an entity, you're agreeing to these KWS Service Specific Terms on behalf of that entity, and you represent and warrant that you have authority to do so (and for clarity, all other references to you, your or similar in these KWS Service Specific Terms refer to that entity). If you don't agree to these KWS Service Specific Terms, you cannot use or access the KWS Services set out below.

The KWS Services are intended for use for commercial purposes only. To enter into these KWS Service Specific Terms and use the KWS Services, you must be, and by using the KWS Services you represent that you are, at least 18 and an adult of the legal age of majority in your country of residence.

SERVICE	DESCRIPTION
Parent Verification	Parent Verification service enabling you to verify that persons held out to be parents or guardians of your end-users are adults.

SPECIFIC TERMS: PARENT VERIFICATION SERVICE

1. When you use Parent Verification, you send us and we collect (whether from you or from the end-users and individuals directly) and process certain information in respect of your end-users and individuals held out as parents or guardians of your end-users. We process this information to enable you to verify that the parents/guardians are adults (**Parent Verification Processing**).

2. The information we process for Parent Verification Processing varies by region and includes the email address of the person who identifies as the parent/guardian of your end-user and the data submitted by that parent/guardian for the purpose of verifying that they are an adult (e.g. an identity number, credit card number, CVV and expiry date, date of birth, full name, mailing address and any other information as verification methods may require from time to time). Parent Verification Processing extends to:

- 2.1. your initial transfer via APIs of the parent/guardian email address to us;
- 2.2. the sending of an email to the parent/guardian by us for the purposes of validating the email address and requesting that the parent/guardian verifies that they are an adult;
- 2.3. determining whether a parent/guardian has already verified that they are an adult using the AgeGraph;
- 2.4. the collection of the parent/guardian email address directly by us (if applicable);
- 2.5. seeking to verify, via the method of verification selected by the parent/guardian, that the parent/guardian is an adult;
- 2.6. hashing the parent/guardian email address and adding it to our AgeGraph;
- 2.7. the communication to you of the verification result; and
- 2.8. the communication to the parent/guardian of their successful verification.

The processing activities set out in clauses 2.1. and 2.2. are collectively referred to as **Processor Parent Verification Processing** and the processing activities set out in clauses 2.3. to 2.8. are collectively referred to as **Controller Parent Verification Processing**. The information we process for Controller Parent Verification Processing is KWS Data.

3. You agree that to the maximum extent permitted by Applicable Laws we are not responsible for, and have no liability at all (whether in contract, tort, equity or otherwise) arising out of or in connection with verifying correctly or incorrectly that the person whose data you provide to us is the parent/guardian of a specific end-user, is of a particular age or whether the method of verification (such as payment card or government ID) is valid in, and/or complies with, the Applicable Laws of, the applicable country.

4. We may upon reasonable notice (up to 14 days) at any time use, test or introduce different verification methods or remove old ones, including across groups of parents/guardians. Your continued use of or access to Parent Verification after the advised implementation date of any notified different verification method constitutes your agreement to the applicable verification method.

5. To the extent we undertake processing of personal data within the territorial scope of the GDPR: (i) you are the controller and KWS is the processor for Processor Parent Verification Processing, and (ii) you and KWS are each independent controllers for Controller Parent Verification Processing. To the extent we undertake processing of personal data within the territorial scope of the CCPA: (i) you are a Business and we are your Service Provider for Processor Parent Verification Processing, and (ii) you and KWS are each independent

Businesses for Controller Parent Verification Processing. In particular, if an individual is successfully verified, we store, as independent controller or independent Business, AgeGraph Data in respect of that individual in our AgeGraph for subsequent use so that we can provide the KWS Services to you and our other customers. AgeGraph Data is KWS Data.

6. The Data Processing Addendum located [here](#) applies between you and us and is incorporated into and supplements these KWS Service Specific Terms.

7. Clauses 3, 5 and 6 of these KWS Service Specific Terms will survive the termination of the KWS Developer Terms.
